

TROLLEY CARS TELESCOPED

One Man Killed, Another
Probably Fatally Injured
and a Score Cut

HEAD-ON COLLISION AT
PUNXSUTAWNEY, PA.

Steel Construction of the
Cars Probably Saved
More Lives

Punxsutawney, Pa., July 17.—One man was killed, another probably fatally injured and a score of persons cut by flying glass when two interurban cars were wrecked in a head-on collision here last night. The accident, believed to have been caused by a defective block signal, occurred on a sharp curve. The cars, which were running at a high rate of speed, were partly telescoped in the crash, but the steel construction probably prevented a larger loss of life.

John Kolovijik, 32, was standing on the front platform of one of the cars and was crushed to death. Dominic Crabbi, 27, who was with him, also was badly crushed and is not expected to live. The motormen of both cars jumped before the crash and were uninjured. About 40 persons were on both cars, half of whom were cut by glass and suffered minor injuries.

SUES SON-IN-LAW.

Charles Lang Wants \$1,500 Damages
from Arthur H. Wilson.

Brattleboro, July 17.—Another development in the trouble between Charles Lang and his son-in-law, Arthur H. Wilson, both of Green street, is a suit for \$1,500 brought by Mr. Lang against Mr. Wilson for personal damages as the result of the encounter between the two men at the home of Mr. Wilson last Sunday. The suit is returnable at the September term of the Windham county court and is brought through the law office of Barber, Barber and Miller, Sher-iff Frank Wellman served the writ and Harold E. Whitney became surety for the defendant.

It is alleged in the declaration that Wilson struck Lang with his fists and violently threw him to the floor and that while Lang was on the floor Wilson struck him in the left eye, on his face and on other parts of his body. The writ declares that Mr. Lang has suffered pain, annoyance and inconvenience and is incapacitated from performing his usual avocation, and that he has expended and will be compelled to expend a large sum of money, \$200, in an effort to recover from his injuries.

Mr. Lang denies the claim made by Mr. Wilson that he drew a revolver on Wilson after going to the Wilson home Sunday. He says he heard his daughter, Mrs. Wilson, crying and went from his home across the street to the Wilson home after putting a revolver in the side pocket of his trousers. He says Wilson put him on the floor and the revolver started to fall out, whereupon Wilson and his wife took possession of it. Later it was given to Chief of Police Wilson, when he went to the house in response to a telephone call, and still later when Sheriff Frank Wellman went there and took Mr. Lang into custody he obtained a U. S. army Colt revolver belonging to Wilson.

Mrs. Wilson states that since the adjustment of her divorce suit and Wilson's alienation of affections suit against the Langs, which were withdrawn under an agreement, she has worked for her husband but has stayed nights at her parents' home.

HEAVY MAILS FOR GERMANY.

First Steamer Carrying the Mail Will
Leave New York on Tuesday.

New York, July 17.—The resumption of trade relations with Germany and restoration of the mail service to that country has resulted in a flood of business to steamship companies connecting with Germany via Scandinavian countries and Holland. The New York post-office reports heavy mail receipts for Germany.

Postmaster Patten announces that the first vessel to leave America with mail for Germany will be the Scandinavian-American Liner United States, to sail for Copenhagen at noon next Tuesday.

CIGARETTE SMOKERS of America: Crack this nut in your own teeth

If there were any other tobacco in the world as mild or as good for cigarettes as Turkish tobacco—do you think that S. Anargyros would maintain a small army of trained experts in the Orient, 4000 miles from home—to select, buy, grade and pack Turkish tobacco—then pay ocean freight, plus 35c a pound import duty?

Of course not—nor would our competitors use a single leaf of Turkish tobacco if in any other tobacco grown they could find a substitute for the "dash" of Turkish which they put into their "bundle" cigarettes to make them smokable—and without which they would be lost.

Our competitors know all this. They harp on "part Turkish" and "blend of Turkish" and "paper packages" in place of a box. In fact they make many skillful apologies, which they hope will in part take the place of 100% Pure Turkish Tobacco.

Now here is the nut—and we will crack it for you.

Murads are 100% Pure Turkish Tobacco, the World's most famous Tobacco for cigarettes. They are the proverbial "whole loaf"—not half loaf or part of a loaf.

They are, for protection, packed in cardboard boxes. A hen lays her eggs in a shell for protection. If you prefer them without the shell, you get scant protection and much scrambling.

You ask the question, "Are Murads so much better than the other kind of cigarettes?" The answer is: **More than twice as good**—and we have here told you why.

Are Murad 100% pure Turkish "whole loaf" cigarettes more expensive? YES. All 100% good things cost more and are worth more than half good or imitation good.

Cigarette smokers of America: People of your class and enlightenment know these things and appreciate them. We are proud to say to you that ordinary cigarettes cost a trifle less than Murads. Think it over. The reasons are before you. **Judge for yourself!** In the long run the public makes no mistakes.

Remember, every package of Murad is sold under a guarantee.
